+91 8928253032

DOB- 15/09/2004

SKILLS

- Web Development: MERN stack.
- Programming Languages: Java , JavaScript, C.
- DevOps: Git , Github.
- Soft Skills : Team Management and co-ordination

EDUCATION

Mumbai University

Bachelor's in Technology (B.TECH)

Vidyalankar Institute of Technology

Branch : Computer Engineering

First Year GPA : 9.3

PROJECTS

Smart Classroom Management System

- Successfully built a dashboard which monitors all Activities in ant educational institution and reduces management effort by 50%
- The SMART CLASSROOM MANAGEMENT SYSTEM is a web-based application built using the MERN (MongoDB, Express.js, React.js, Node.js) stack. It aims to streamline Institute management, class organization, and facilitate communication between students, teachers, and administrators.
- GitHub Link :<https://github.com/piyush1519/SCMS>

TrackMate

- A task management web application with features like task addition, editing, delete on, user authentication, and a chatbot for enhanced usability, built using Node.js, React.js, MongoDB, and JavaScript.
- Interactive as well as user friendly UI.
- GitHub link :<https://github.com/piyush1519/TRACKMATE>

Simon-Say's (GAME-Frontend Project)

- A Simple mind exercise game.
- GitHub link : <https://github.com/piyush1519/Game-SimonSays>
